A review of the technical evidence leads us to conclude that, although standardized test scores of students are one piece of information for school leaders to use to make

judgments about teacher effectiveness, such scores should be only a part of an overall comprehensive evaluation. Some states are now considering

plans that would give as much as 50% of the weight in teacher evaluation and ...

**Chapter 1. What Does the
Research Say About
Vocabulary? One of the
key indicators of
students' success in**

school, on standardized tests, and indeed, in life, is their vocabulary. The reason for this is simply that the knowledge anyone has about a topic is based on the

vocabulary of that information (Marzano & Pickering, 2005). For instance, as you read the following sentence, see if you are ...
