Structure. The scales are based on the premise that conflict is an inevitable aspect of all human association, but that the use of coercion (including force and violence) as a conflict-resolution tactic is harmful. The CTS focuses on "conflict tactics" - the method used to advance one's own interest within a conflict - as a behavior, and measures the conflict tactic behaviors of both the ...

Policy makers—for states that face language conflict and for states that provide support for an international gendarmerie when ethnic conflict spills over into ethnic violence—should be made aware that language conflict, even if it is not threatening to states or democratic regimes, can be extremely dangerous for incumbents. Leaders of disaffected language groups have the skills and ...

Due to the rigid structure of the UN that was intended to maintain the status quo of the international world order, the Security Council (SC) often found itself in a stalemate situation, unable to act efficiently. Indeed, on several occasions it can be said that the SC was used as a tool of superpower influence. It would, however, be inaccurate to say that all of the UN's actions throughout ...
